WITH QUOTA OF $35,000 SUBSCRIPTIONS ARE $46,500

BIG MEET AT PARNELL

W. C. Pierce and G. R. Ellison Address Large Crowd That Fills Opera House—Estimates Will Not Be Given

Liberty loan workers are busy all over Nodaway county today and from reports received are meeting with good success. Reports of subscriptions received yesterday have not yet been tabulated by the committee, but Chairman W. C. Pierce says that the subscriptions thus far received have been quite satisfactory.

An enthusiastic meeting was held at Parnell last night with the opera house crowded to capacity to hear the speakers, W. C. Pierce and Geo. Robb Ellison, who urged that Independence township buyers get busy quickly and do their part in helping the county to subscribe its quota in the loan. No effort was made at the meeting to solicit subscriptions ,the workers having planned to start on their campaign of solicitation today.

Hughes township committees reported to Chairman Pierce this morning that they had already exceeded their quota of $35,000, with $46,500 having been subscribed in the first day of the drive. No reports had been received from the other townships this morning, other than those previously reported.

Following instructions coming from Secretary McAdoo local headquarters will not give out estimates of Liberty loan subscriptions. Instead local committees from each township will report to headquarters figures on subscriptions actually filed with them, together with receipts from the initial five per cent payment, and a tabulation of these will be available for publication each day.

This method of supplying information on the progress of the loan campaign is intended to prevent the publication of inaccurate estimates which might not be borne out by the actual subscriptions.

Secretary McAdoo has named Sunday, April 21, as Liberty loan Sunday, and in a letter to 114,000 preachers has asked them to preach special sermons on that day.

ROY L. GINGRICH WRITES

Is at Camp Pike, Ark., and In Second Branch of the Service

April 6, 1918.

To the Democrat-Forum:

I am still stationed at Camp Pike, Ark. It has been 95 above here already and if it gets any warmer I'll have to take some anti-fat. I'm in my second branch of service now. I've been promoted. The general says we non-coms are the most important part of winning the war. The way we shoot out on the range we won't have any difficulty in making the Germans execute the rear march.

We have our full equipment for the field now. Lots of transferring is taking place and a lot of rookies are coming in here. My brother was transferred to the supply train. He will carry the hash. The first week is the funniest part of one's drilling. Everything is impossible, but it's got to be done.

There aren't so many visitors here as at Camp Funston. This camp is as busy as lots of towns. A train comes and goes every hour besides the freight trains and troop trains. Lots of mules and horses are brought in here. Remont is a receiving station about two miles from here. The rest of this battery will stay together. We expect to be transferred most any time now. This is my first and last letter.

WAS VETERAN OF CIVIL WAR

John B. Gray, 86, Died This Morning at the Home of His Daughter, Mrs. S. A. McClurg—Funeral Tomorrow

John B. Gray, 86 years old, and for fifteen years a resident of Maryville, died at 11:45 o'clock this morning at the home of his daughter, Mrs. S. A. McClurg, of injuries suffered from a fall last December. Mr. Gray is survived by two sons, George Gray of Meddess, S. D., and John H. Gray of Maryville; three daughters, Mrs. Sadie Sheeler of Monroe, Ia., Mrs. Levi Woody of Long Beach, Calif., and Mrs. S. A. McClurg of Maryville. Mrs. Sheeler has been with her father since the time of his accident. Mrs. Woody and George Gray will be unable to be present for the funeral.

Mr. Gray was born in Allegheny county, Pa., where he lived until 1866, when he moved to Monroe, Ia. In 1901 he moved to Creston, Ia., and lived there two years, and from there he came to Maryville with Mr. and Mrs. McClurg and has since made his home here. Mrs. Gray died December 28, 1892, while the family were living at Monroe, Ia. In 1864 Mr. Gray enlisted in the Federal army at Pittsburg, Pa., and served until the end of the war.

Short funeral services will be held at 9:45 o'clock tomorrow morning at the McClurg home, conducted by the Rev. S. A. Coile, and the body will be taken to Monroe, Ia., for burial, accompanied by Mr. and Mrs. S. A. McClurg, Mr. and Mrs. J. H. Gray and Mrs. Sadie Sheeler.

PRESBYTERIAL MISSION SOCIETY SESSIONS BEGIN

AT MEETING TONIGHT

Mrs. J. T. Tracy of New York, of the Woman's Board of Home Missions Will Deliver Address

The eleventh annual meeting of the St. Joseph Presbyterial Missionary Society began at the Presbyterian church at 2 o'clock this afternoon with a large number of delegates and visitors present in addition to many members of the church. Following a devotional service led by Mrs. S. A. Coile, and an address for the visitors by Miss Lucie B. Davis, Mrs. G. S. Luckhardt of Tarkio spoke in response, her subject being, "Watchman, What of the Night?" The rest of the afternoon session was devoted to reports of the year's work, appointment of committees and conferences. Miss Davis, Miss Ethel Gaskill of Craig, Mrs. O. G. Bain of Trenton and Mrs. Luckhardt discussed matters concerning various departments.

An interesting session is promised for this evening when Mrs. J. T. Tracy of New York and Mrs. A. D. Wolfe of Parkville, Mo., will be the principal speakers. Special music will be a feature of the evening.

The program for the morning and afternoon sessions tomorrow is as follows:

Her subject is, "Waiting on God," and her address will be given Thursday afternoon.

GROW A WAR GARDEN

FIFTY MEMBERS BUSINESS GIRLS' LEAGUE TO HELP UNCLE SAM

PLANT SEVERAL ACRES

Would Like to Have Use of Ground Close to the City—Organize Groups to Work After Business Hours

"A garden plot is as good as a shot."

The "man with the hoe" is going to have a prototype. Members of the Business Girls' League, fifty strong, are going to enlist in Uncle Sam's war garden brigade. They are going to grow a war garden. Not a little lot 60 x 100, but a real garden of several acres in extent.

The girls of the league at their meeting last night (55 were present) decided that with an hour more of daylight they should "improve each shining hour" and the proposal to grow a war garden met with instant favor.

Here is the plan—and the girls will need some assistance in putting their project in operation. They hope to secure a tract of several acres of tillable ground, preferably close to the city. If the ground is not given them rent free they are prepared to pay a reasonable amount for it. But there is no doubt, when their plans are known, that patriotic land owners will tender them all the ground they may need. They expect to organize in groups of ten or more to work on alternate afternoons after business hours and will endeavor to make arrangements to get transportation to and from the garden so that at least an hour and a half or two hours may be spent in work. It has also been decided that the ground secured be planted in but one crop, the nature of which will be decided later.

The girls discussed the new venture at length last night and are prepared to take it up definitely and are not to be daunted by obstacles that may arise. They have visions—yes, it's no secret—of a home of their own — a little bungalow, perhaps, where they can hold meetings and give entertainments and other things girls like to do, and the proceeds from their garden would be the nucleus for a home fund.

And then, besides, Uncle Sam needs the food that would be raised to feed the soldiers, and they want to help. And thirdly, the exercise and fun they expect to get out of actually planting, growing and cultivating their war garden will be worth just lots and lots. Now, wouldn't you help the girls in a cause like that? Sure you would.

The Girls' Business League will have a meeting next Monday night at the First M. E. church when details will be worked out and offers of garden space will be considered, together with naming several additional officers. So if you have anything you would like to communicate to the girls see Miss Hazel Sheridan, president, at the First National bank, or Miss Nora Ritze, secretary-treasurer, at the Farmers Trust company.

The Business Girls will have the cooperation of the patronesses of the League, Mrs. S. G. Gillam, Mrs. I. E. Tulloch, Mrs. R. S. Braniger, Mrs. L. E. White and Mrs. J. B. Robinson.

Special to The Democrat-Forum.

Washington, April 9.—The Germans are today carrying on a program embroiling the United States and Mexico, according to testimony offered before the sub committee of the house judiciary committee today by Dr. Earl Speery. There is a certain German organization in Mexico now which has for its sole purpose the causing of war between the United States and Mexico, Dr. Speery said. The witness has been engaged in government work there and has had access to the records of the department of justice. His testimony is considered official by the house committee.

AIR FLIGHT FROM N'YORK TO LONDON?

New York Hears That An American Flyer Has Made the Trip Carrying Twelve Passengers

New York, April 9.—Reports that an American flyer has made a successful trip from New York to London, carrying twelve passengers, today startled New York and caused a buzz of excitement and attempts to verify the seemingly impossible feat. No confirmation of the report was obtainable and even the leaders in the aerial school professed to have no hint that such a test was even contemplated. Some said that the remarkable feat was the answer to Minister Lloyd George's statement that the Americans would soon give the Germans the "biggest kind of a surprise."

USE CASUALTY LISTS AGAIN

Intimated That With Return From France of Secretary Baker Publication Will Be Resumed

Washington, April 9.—That the casualty lists of America's overseas forces will again be published, following the return of Secretary Baker from France, was intimated today in sources of information close to the White House. The return of Secretary Baker is expected shortly and on his arrival it is said that President Wilson will immediately take up with him the matter of resuming publication of the lists.

LOCATE GERMAN SUPERGUN

Is Emplaced at Crepe On Edge of St. Gobain Forest — Being Bombarded by French Artillery and Airmen

Paris, April 9.—The exact location of the German long range gun that has been shelling Paris daily for two weeks has been discovered and is being bombarded by French artillery and by airmen, according to a report circulated here today. The report says the emplacement is at Crepe near the northeastern edge of the forest of St. Gobain.

Raleigh L. Spoor of Elmo enlisted in the veterinary corps in St. Joseph Monday.

Aubrey Lyle underwent a slight operation at the St. Francis hospital this morning.

WIDEN HUN SALIENT

IS NOW FIFTY MILES ACROSS ON FRONT BEFORE AMIENS

PRESSING FRENCH LINE

American Patrols On Lorraine Front Successfully Break Up Night Raids by Germans

Special to The Democrat-Forum.

London, April 9.—The Germans continue to shell the British lines on the great Picardy battle front and positions to the north of the battle zone with great violence. Beginning early this morning the Germans laid down a heavy bombardment all the way from the Labesse canal to a point just south of Armentieres, the British war office announced this afternoon. German artillery is active also in the region of Villieres, Bretenneux and Mericourt Abbe and the ground between the Labasse canal and Lens is seeing some of the hardest fighting of the war.

The Germans continue to concentrate infantry pressure against the French east of Noyon. Clearing weather has again intensified aerial activity all along the Picardy front. The German salient which has been created by the drive towards Amiens is now approximately fifty miles wide at its base.

Somewhere in France, April 9. — A number of German soldiers were killed and others were routed when they were attacked by an American patrol on the Lorraine front. After returning to their trenches the Americans decided to go back after a dead soldier's body. They did so although under a heavy fire. A search of the pockets revealed information as to German units planning operations against the Americans. An attack against an American outpost yesterday started the livliest artillery exchange northwest of Toul this sector has seen in weeks. Every night raids have been defeated by the Americans. "Carnegie derbies" is the latest nickname given by the Americans to the steel helmets worn by them.

IS HURT IN AUTO ACCIDENT

Miss Eva Williams of Tarkio, With Friends, Was Returning From St. Joseph — Car Into a Ditch

Miss Eva Williams, daughter of Mr. and Mrs. John Williams of Tarkio, was seriously injured in an automobile accideit, which occurred last night near Barnard while she and a party of friends were returing from St. Joseph. The car was going down a short hill when a tire blew out, turning the car into a ditch. Help was secured at once and Miss Williams, the only one of the party injured, was taken immediately to the hotel in Barnard and a physician was called to care for her. The others in the party were Mr. Woods, Mr. Gowdy, both of Tarkio, and a sister of Miss Williams. The car was driven by Mr. Woods.

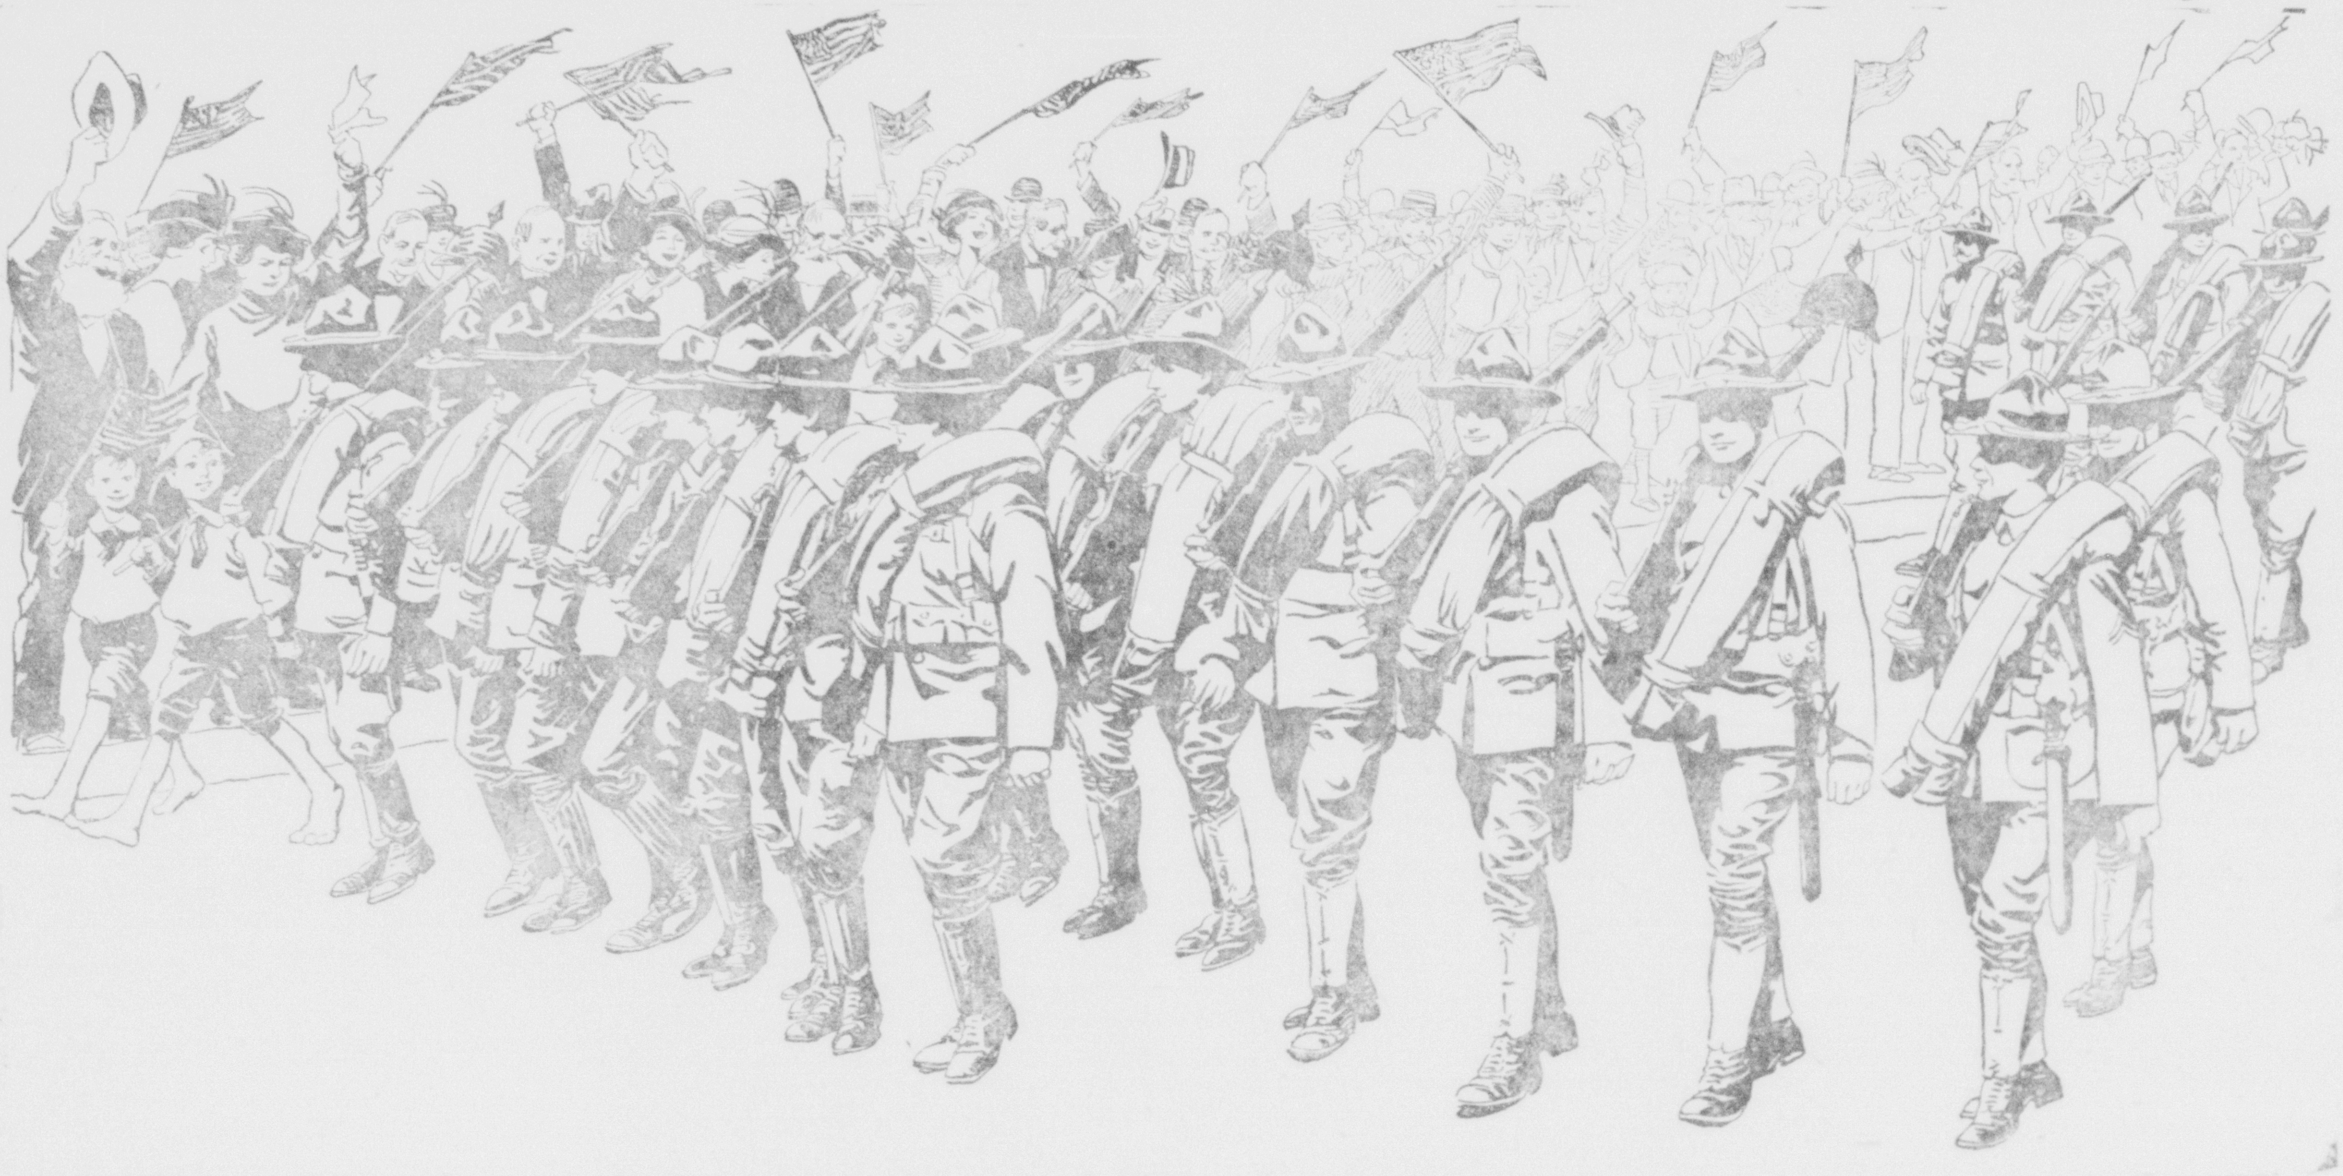
Will You HELP Bring Back The Boys of This Community?



Our boys, the boys from this town and this county and this state, are fighting the Huns. They are in the trenches in France, they are sailing the U-boat-infested seas, they are going "over the top" in the face of German cannon and machine gun fire.

Many, many more of our boys are now training and will soon be in France, and more are yet to be called.

And, remember, these are our boys; those who are near and dear to us. They are doing their ALL. They are giving their ALL. They are prepared to make the extreme sacrifice that our homes, our town, our nation, may escape the ravages of the Hun.

We want them—one and all—to come back to us—

Will You Help to Bring Them Back?

Will you help to provide them with the things they need, with clothes and food and munitions, that they may complete as quickly as possible the terrible task assigned to them?

Will you support our boys while they are fighting for us, fighting the German autocracy that seeks to destroy our ideals of liberty and justice?

Compared to their heroic sacrifice our part is but small—that of providing the funds to keep them equipped; to build and man the ships that will transport their food, their clothes, their guns and their ammunition, and to pay for these things.

Yes, we, the people of this community, will support our boys.

We will do it by buying bonds of the Third Liberty Loan; by buying all these bonds we can; by making such sacrifices as are necessary to do this. That will be our support for Our Boys.

Home Craft Week

April 8th to 13th

THIS week is devoted to the beautification of the greatest of institutions, that bulwark of strength—THE AMERICAN HOME.

This week is a National event observed from Main to California.

We have done our part by collecting the best Drapery materials that the market offers and the latest ideas as to the proper treatment of the windows.

Visit our Drapery Department this Week.

Quaker Craft Lace Curtains and Nets

Why is it advisable to use lace at the windows?

These novel window coverings look well both before and after being washed. They are made of fine, yet durable yarns. Their delicate lacy effects give privacy without excluding the air and light.

These lacy nets and curtains are literally a cobweb of design with the body material omitted — this is why they are ideal for a window covering.

Dark houses, like dark days, are depressing. Health and happiness always go hand in hand with light and air.

Fashion and good taste both demand lace at the windows—therefore you cannot afford to ignore the importance of this Home Craft Week's showing of lacy nets and curtains.

Of special interest is our assortment of lace nets at the yard	45c and 85c
Other lace nets at	25c to $1.75
Attractive collection of lace curtains, at the pair	$2.50 and $3.50
Other lace curtains at the pair	75c to $10.00

Cheerful Draperies

It is essential to have light, cheerful drapes that harmonize with the other home furnishings. Those that hang in soft natural folds are the most desirable.

Madras, Cretonne and Rep in rose, blue, pink, brown, green, mulberry and two-tone effects, both plain colors and figured, are the leading draperies for spring and summer.

Exceptional showing at the yard	50c and 90c

Auto Repair Work

Good auto work should include prompt and reliable service. That is what we have always tried to give and we believe that is responsible for the big business we have been getting.

Reliable service means getting the work out right and using the best possible materials in the best possible way.

We never slight a job—but we get it done when we say we will and we hope to make this service bring us still more business.

Tone's Russet Coffee

This is the coffee that I am using myself, and I have found it to be superior to other brands which cost a good deal more.

Russet is a steel cut coffee—not ground and mashed—it is finely blended from the pure Javas and Mochas and other high grade coffees, and is packed in sanitary sealed packages, at

30c per lb.

Give Russet Coffee a fair trial and I am sure it will save you money and give you great satisfaction.

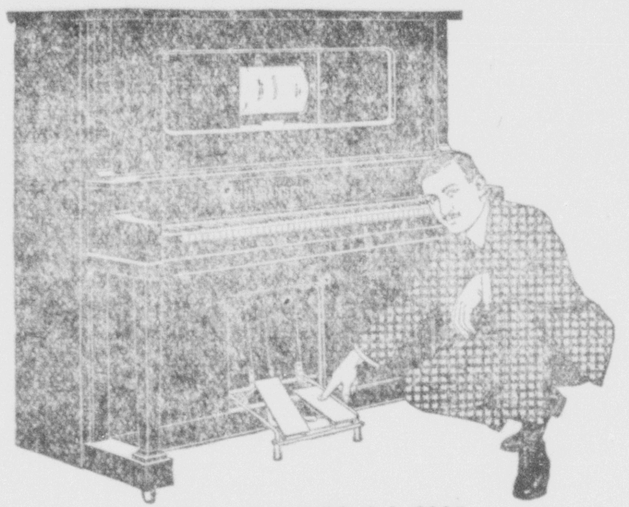
Gulbransen—

The Player of To-Day

A High Grade Player Piano—Sensibly Priced.



"Suburban" Model, $395.

Good player pianos have formerly been associated with high prices until the Gulbransen-Dickson Co. produced the "suburban" Model at $395. This astonishing low price is made possible by SUPERIOR ORGANIZATION, SUPERIOR KNOWLEDGE and MUCH LARGER FACTORY OUTPUT

For years, Mr. Gulbransen and his organization successfully produced playing mechanisms for other piano manufacturers. Then they designed a better player—a modernized player—their masterpiece — which is now offered to you at the astonishing low price of **$395.**

Come to our store and SEE this Gulbransen-made Player Piano. HEAR IT. PLAY IT YOURSELF. Take it home, if you wish, under a free trial, money back agreement. That's the way to decide, if you are in doubt.

Remember, WE stand behind it with an Expert Inspection Service—the very same service we give with thousand dollar players—and the Gulbransen-Dickson Co. guarantees it for TEN YEARS.

Is Monday Blue At Your House

If it is, you have not yet learned of the service the Maryville Laundry can render you.

In this day and age of the modern laundry it is not economy to spend a day over hot steaming tubs —wearing yourself out and exposing yourself to sickness—because you can put that time to much more useful and productive things.

The statement that we are about to make may startle you but it is a fact—we can wash your clothes cheaper and better than you can at home. The next time you do your washing at home take an accounting of all the material you use and your labor and you will find that our rate of six cents a pound is cheaper than you can do it.

We hesitated a little when we used the word service in the second line of this advertisement because sometimes it means so little, but there isn't any word that quite tells the story of the Maryville Laundry so well. For service at this Laundry means using methods that produce the highest possible grade of work—work better than you can do yourself.

Returning without error exactly what each patron sends. Getting the work done and delivered on time—and doing this courteously and pleasantly. Such service this laundry gives its patrons every day in the year.

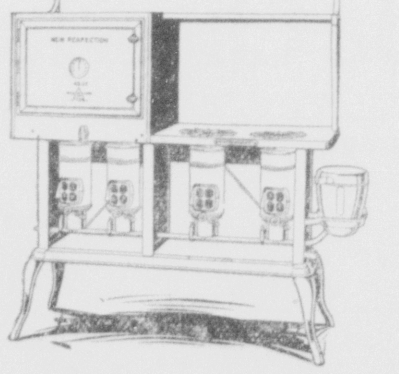
Perfection Oil Stoves



The Perfection Oil Cook Stove is one of the old, reliable makes of summer cook stove.

It is positive and simple in action, using a wick, and burning a very hot flame, which may be regulated to suit the requirements of the cooking.

The Perfection is an economical stove, using a small quantity of fuel, and as it can be turned out instantly, there is no lost heat, and consequently no wasted fuel.

The Perfection is a low priced, good substantial and reliable cook stove.

The Simmons Oil Stove

Combines several of the good qualities of a number of stoves, using oil for fuel and burning an intense, blue flame close up under the cooking.

The Simmons is made and backed by the Simmons Hardware Co., manufacturers of such well-known and reliable brands as Keen Kutter tools and it can be relied upon to have the same quality and careful construction as other goods of their make.

We can sell you a summer cook stove at a reasonable price, and be willing to stand back of the manufacturers' claims and the manufacturers' guarantee.
